

Booking Now 2025-2026 School Year!

Bring Roper Mountain to your school! Book a hands-on science program from one of the engaging, curriculum-based lessons.

Thank you to Lockheed Martin for providing scholarships to Upstate schools through a generous grant. Reach out to jpoor@greenville.k12.sc.us to see if your school qualifies!

Science on Wheels Program Highlights!

Kindergarten: Let's Move it, Move it!

Kindergartners will become young scientists as they explore the forces of pushes and pulls through fun hands-on experiences.

South Carolina Standards connections: K.NS.4, K.NS.8, K.MDA.3, K.MDA.4, K-PS2-1

Third Grade: Use the Force

Join us for a high-energy, interactive presentation where we explore gravity, air pressure, inertia, and friction through fun experiments, culminating in a thrilling rocket launch that ties together the forces of motion!

South Carolina Standards connections: 3-PS2-1, 3-PS2-2
