Our Mobile Mammography Coach is equipped with a Hologic Selenia 2D/3D Full Field Digital Mammography Unit. The Mobile Mammography Coach is an extension of the Pearlie Harris Center for Breast Health, which is accredited by the American College of Radiology as a “Breast Imaging Center of Excellence”. Each staff member is registered by the American Registry of Radiologic Technologists and the South Carolina Radiation Quality Standards Association.

Our Services

The St. Francis Mobile Mammography Coach will provide screening mammograms to women throughout the community. A Screening Mammogram is a routine exam that is performed when you are not experiencing any problems and don’t have any concerns with your breasts.

We will not be able to perform your exam if you are experiencing problems with your breasts such as a new lump, unusual nipple discharge and/or pain. We strongly recommend you contact your physician for an evaluation.

Eligibility...

- Females age 40 and older who are due for their annual screening mammogram
- Females who are 35-40 needing a baseline mammogram
- Able to walk up the coach stairs and stand unassisted

Patients call 675-4875 to schedule their appointment. They must tell the scheduler that they want to schedule on the Mobile Coach at the location desired (your site).
