

SC Ready and SC PASS – IMPORTANT REMIDERS AND DATES:

This year, students in third, fourth, and fifth grades in South Carolina will take the SC College-and-Career Ready Assessment (SC READY), which is comprised of the ELA (writing and reading) and mathematics tests. Additionally, students in fourth grade will take the SC Palmetto Assessments of State Standards (SCPASS) science test.

Both SC READY and SCPASS are untimed tests but must be completed by the end of the school day. The ELA, mathematics, science, and social studies tests will be administered with an online-format. Items on SC READY will include selected response, short answer, evidence-based selected response, and text-dependent analysis. Evidence-based selected response will require students to read a piece of text or a passage and choose the best answer from answer choices. Text-dependent analysis will require students to read a piece of text or a passage and draw upon that text for their extended written responses. Items on SCPASS will be multiple choice.

SC READY and SCPASS tests are aligned to state standards and what is taught in your child's classroom. Please refer to the table below for testing dates. It is very important that students be at school on their assigned test dates.
