Attendance

In South Carolina, all children are required to attend a public or private school or kindergarten beginning at age five (5) and continuing until their 17th birthday. If a child is not six years of age on or before the first day of September in a particular school year, parents and guardians may choose not to send their children to kindergarten; however, they must sign a waiver which may be obtained at the local school.

In accordance with the South Carolina Compulsory School Attendance law, the School District of Greenville County has adopted uniform rules to ensure that students attend school regularly. Each day that students are not in school, they miss hours of valuable instruction and opportunities for learning that they will not have again. Students are counted present only when they are actually in school, on homebound instruction, or are present at an activity authorized by the school principal. A student is considered in attendance when present for at least three (3) hours of a school day.

All absences beginning with the first shall be approved or disapproved by the board's designee, the building principal. In making this decision, the principal shall be guided by the procedures as presented herein. Decisions regarding approval of absences and eligibility for credit may be appealed in accordance with district policy.

Any student who misses school must present a written excuse, signed by his or her parent or legal guardian or a health care professional, for all absences within three (3) days of the student's return to school. The written excuse should include the reason for and the date of absence. If a student fails to bring a valid written excuse to school, his or her absence will be recorded as unlawful. School will use the criteria below when deciding whether an absence is lawful or unlawful.

Lawful Absences

- Absences caused by a student's illness and whose attendance in school would endanger his or her health or the health of others. These absences must be verified by a physician statement within three (3) days of the student's return to school.
- Absences due to an illness or death in the student's immediate family verified by a statement from the parent within three (3) days of the student's return to school.
- Absences due to a recognized religious holiday of the student's faith when approved in advance. Such requests must be made to the principal in writing.
- Absences for students whose parents/guardians are experiencing a military deployment. Specifically absences when the parent or legal guardian of a student is an active duty member of the uniformed services and has been called to duty for, is on leave from, or immediately returned from deployment to a combat zone or combat support posting, shall be excused as long as such absences are reasonable in duration as deemed by the principal so that the student can visit with his or her parent or legal guardian relative to such leave or deployment of the parent or legal guardian.
- Absences due to activities that are approved in advance by the principal. This would include absences for extreme hardships. Such approval should be prearranged when possible.

Unlawful Absences

- Absences of a student without the knowledge of his or her parents
- Absences of a student without acceptable cause with the knowledge of his or her parents
- Suspension is not to be counted as an unlawful absence for truancy purposes

Absences

For students in grades K-12, principals shall promptly approve or disapprove any student's absence in excess of ten (10) days, whether those absences are lawful, unlawful, or a combination of the two. Absences in excess of ten (10) days will not be considered excused with a parent/guardian note unless accompanied by official medical documentation or otherwise approved by the principal as a lawful absence.

Carnegie Credit

The school year consists of 180 school days. To receive credit, high school students or students in middle school taking courses for graduation credit must attend at least 85 days of each 90-day semester course and at least 170 days of each 180-day course, as well as meet all minimum requirements for each course.

In order to receive high school credit after the 10th unlawful absence, “seat time recovery” is required for every subsequent absence that is unlawful. (Note: the 10 unlawful absence limit applies to each 180-day course and should be considered 5 days for each 90-day course and 3 days for each 45 day course.) A student may have up to 10 absences excused by a parent note in each 180-day course and 5 days excused by a parent note in each 90-day course. Parent notes in excess of 10 in a 180-day course, and 5 in a 90-day course, will be considered unexcused unless accompanied by official medical documentation or is otherwise approved by the principal as lawful. A student must attend the majority of a class session during a school day to receive credit for that class.

Truancy

Although the state requires students to only attend 170 of the 180-day school year, parents and students should be aware that SC Code of Regulations-Chapter 43-274 stipulates that a child ages 6 to 17 year is considered truant when the child has three consecutive unlawful absences or a total of five unlawful absences.

Student Arrival and Dismissal

Each school is responsible for overseeing the development of protocols and supervision that are tailored to the age and needs of students at each school facility. The protocols will include:

- Staff assigned to specific locations and related responsibilities;
- The area in which students will be retained awaiting designated transportation;
- Plan for supervision when a parent/escort is unable to pick up their child at the appropriate dismissal time.

Student Behavior Code

The District expects students to conduct themselves in an orderly, courteous, dignified and respectful manner. This requirement refers to their actions toward other students and teachers, their language, their dress and their manners.

Students have a responsibility to know and respect the policies, rules and regulations of the school and District. Violations of such policies, rules and regulations will result in disciplinary actions. The school directs students to the District's Behavior Code set forth in [Policy JCDA](#) and this handbook. Students are prohibited from using electronic devices to capture images, record or otherwise use electronic devices in a manner that harasses, humiliates, threatens, embarrasses, intimidates another person or otherwise violates law. Students may not use electronic devices to access and/or view websites, internet, or other content or images that are inappropriate or otherwise blocked to students at school while on school property or at a school-sponsored event. Students are personally and solely responsible for the care and security of electronic devices.

In accordance with state law and Board Policy/Administrative Rule JCDA, personal electronic devices cannot be used during the school day unless specifically authorized in writing by the school. Students cannot wear personal electronic devices, such as smart watches, during the school day and must keep personal electronic devices out of sight of others unless authorized by the school to utilize for school-related purposes. When outside of the classroom, students can use personal electronic devices for instructional reasons or for school-related purposes, such as emailing teachers, conducting research, checking class schedules, and working on assignments. The restrictions pertaining to the use of personal electronic devices starts at 7:45 a.m. and ends at 2:15 p.m. for elementary schools and 8:30 a.m. to 3:15 p.m. for middle schools. The use of personal electronic devices before and after that time is permitted so long as that use does not violate the District's Behavior Code ([Policy JCDA](#)) or is otherwise disruptive to the school environment. For field trips, students will be provided additional information regarding the use of personal electronic devices based upon the specific trip. Students may be permitted to utilize personal electronic devices during the school day if necessary for that student in accordance with the student's IEP/504/Health Plan.

The Board and the administration offer the following listing of offenses and the required or recommended dispositions for the information of students, parents/legal guardians and school personnel.

These activities usually require administrative actions which result in the immediate removal of the student from the school, the intervention of law enforcement authorities and/or action by the Board.

Whenever a student is engaging or has engaged in activities including, but not limited to, one of the acts specified below, while on school property or at a school sanctioned or sponsored activity which a principal or his/her designee has reason to believe may result, or has resulted, in injury or serious threat of injury to a person or to his/her property, the principal or his/her designee is required to notify law enforcement officials.

Personal appearance of students should promote health and safety, contribute to a climate conducive to teaching and learning and project a positive image of the District to the community. Students should dress for the educational setting and not the recreational one. The principal may create further guidelines regarding student dress which are consistent with the parameters below.

- Clothing and/or hair should not be so extreme or inappropriate to the school setting as to disrupt the education process. Therefore, clothing deemed distracting, revealing, overly suggestive or otherwise disruptive will not be permitted.
- Wearing accessories or clothing that could pose a safety threat to oneself or others is not allowed.

- For middle school student ID cards must be worn and visible

In the event the administration determines a student's dress is inappropriate for school in accordance with this policy, schools will either have clothes available to provide to students who are in violation or will permit the students to have clothes brought to the school to correct the dress code violation. Students will wait in a designated location until that violation of the dress code is remedied. Students who would like to make a request for accommodations to the dress code related to a disability or religious belief should notify the school's administration of that request in advance.

Students shall be subject to the following consequences for violating the dress code.

- 1st Offense: Warning/Parent Contact
- 2nd Offense: Detention
- 3rd Offense: Referral for Additional Discipline

Transportation

In order to ensure the safety of all students riding buses in Greenville County Schools, appropriate behavior is required for all students. The issue of safety requires students to be on their best behavior while on school buses or vehicles. Violations of school bus rules will be addressed in the manner listed below.

The School District Behavior Code (Board Policy JCDA) is in effect for all students at all times when being transported on school buses to and from school or school activities. Discipline of Students with Disabilities

Students with disabilities will be disciplined in accordance with federal and state law including the Individuals with Disabilities Education Act and Section 504 of the Rehabilitation Act, as set forth in the procedures developed by the administration.

Procedures for Transporting 4k, 5k and 1st Grade Students

For safety reasons, all K4, K5 and 1st grade students will receive a numbered ID tag from the school prior to boarding the bus in the afternoon. The tag must be visible to the driver. As the student departs the bus in the afternoon, the driver will collect the student's identification tag. The driver will retain the tag and deliver all tags to the school the following morning. The school will distribute the tags to the respective teacher or staff member so the tags can be put on the student before afternoon bus dismissal.

Each 4K, 5K and 1st grade student must wear a bus tag while being transported from school for the entire school year. The student tag shall include the following information:

Front:

Student Name

Student designee name (4th grade or above)

Route number

Back:

Student address unique number

Parent Responsibilities:

The parent/guardian is responsible for properly registering their student(s) at the designated school and ensuring that all information provided on required forms is accurate and current. The parent/guardian is responsible for updating this information at the school whenever changes occur.

The parent/guardian must be present at the regular bus stop both during the morning pickup and afternoon drop-off of their 4K, 5K or 1st grade child. The parent/guardian will be given four (4) numbered cards to distribute to any designee to be at the bus stop in their place. The designee may be another adult or student designee (4th grade or higher). A Bus Tag Application is to be furnished by the school, completed and returned by the parent/guardian to the school before the student rides the bus. One person may serve as designee for multiple children. The parent/guardian is ultimately responsible for the safety and conduct of his/her child at the regular school bus stop.

If a 4K, 5K or first grade student is preparing to depart the bus at their assigned stop, whether alone or in a group, and the parent/guardian/designee with the numbered card is not present at the bus stop, the student will be returned to his/her elementary school. When a student is returned to the elementary school, school staff will contact the parent/guardian. If the parent/guardian cannot be located, the matter could be referred to Greenville County Schools Law Enforcement Division, appropriate local Law Enforcement Agency, and/or the Greenville County Department of Social Services (DSS).

Incidents of the parent/guardian/designee with the numbered card not being at the bus stop for afternoon drop-off will result in all transportation services being discontinued according to the following schedule:

- First Incident: Warning to parent by school with review of future consequences
- Second Incident: 3 days off the bus
- Third Incident: 5 days off the bus
- Fourth Incident: 10 days off the bus
- Fifth Incident: Removal from bus for the remainder of school year

The school administration will implement the above schedule without a bus driver referral and notify the appropriate bus center of the effective dates of loss of bus transportation services. Only the Superintendent or his or her designee may make exceptions to the provisions contained in this administrative rule.

Anti-Bullying and Safe Schools

The District is committed to fostering an environment that both promotes learning and prevents disruptions to the educational process. In order to create and maintain an atmosphere that promotes learning and prevents disruption, the District has implemented the following procedures to address student concerns, complaints, and grievances in regards to bullying, discrimination, harassment, intimidation or misconduct as provided in Board Policy and Administrative Rule [JCDAG, Rule JCDAG](#). All formal complaints of any allegation of bullying, discrimination or harassment will follow the below process, except for complaints filed on the basis of sex (Title IX), which will follow the procedures contained in that Section II below.

Reporting Bullying, Harassment & Discrimination

Any student who believes that he/she has been subject to harassment, intimidation, bullying or misconduct by other students, employees of the District or third parties in the school setting should immediately inform the school's administration and may also file a formal complaint under Board Policy and Administrative [Rule JCDAG](#).

All complaints should be filed with the principal or his or her designee within sixty days of the date of the alleged incident using the Complaint Form attached to Rule JCDAG. Complaints may also be filed by a student's parent. If the allegation is against the school's administration, the student or parent should file a report directly with the District's Ombudsman. Anonymous reports may be made, but those reports must provide the District with adequate information in order to begin an investigation.

Additionally, students and parents should immediately report any concerns related to employee interactions with

students that are inconsistent with the requirements and expectations contained in [Board Policy GBV](#) pertaining to staff and adult interactions with students. Concerns that should be immediately reported to a school's administration include potential mistreatment of students and other conduct by employees that could constitute inappropriate interaction or communication, including those sexual in nature.

Investigation

Complaints will be investigated promptly, thoroughly, and confidentially. The investigation shall include appropriate steps to determine what occurred and to take actions to end the harassment, intimidation, or bullying and prevent such misconduct from occurring again. A meeting will be scheduled within ten working days of the complaint with the complainant to discuss the complaint. The student and his/her parent(s) shall be informed in writing of the outcome of the investigation but all discipline of students and staff will remain confidential. The written notice will also outline the complainant's right to appeal.

Appeals

An appeal related to disability discrimination or harassment should be made to the District's Section 504 coordinator. An appeal regarding color, race, or national origin discrimination or harassment should be made to the District's Title VI coordinator. The email contact information for the Section 504 Coordinator and Title VI Coordinator is Section504@greenville.k12.sc.us and TitleVI@greenville.k12.sc.us. Both may also be contacted by mail at Post Office Box 2848, Greenville SC 29602 or by phone at 864-355-3100.

The appeal shall state the reasons for which the complainant is appealing the initial decision. The coordinator will examine the evidence presented by all the parties, and may conduct a meeting with both the complainant and the school principal or designee if needed. The coordinator must provide a written decision to the complainant within 10 working days of receiving the complainant's written appeal. The coordinator shall inform the complainant of the right to appeal to the Superintendent or his/her designee. If a coordinator or the Superintendent or his/her designee is alleged to be involved in the complaint, the District will appoint an objective and impartial administrator to address the complainant's appeal at that level.

If a student or parent/guardian is dissatisfied with the action or decision of the Coordinator, they may appeal the decision to the Superintendent or his/her designee within 10 working days of the decision of the Coordinator. The appeal shall be in writing and shall state the reasons for the appeal. The superintendent or designee, in his or her discretion, may choose to have a meeting with the complainant and the coordinator. The Superintendent or designee shall provide a written determination to the complainant and take appropriate action within 10 working days after the receipt of a written appeal.

Title IX Complaints (Sex-Based Discrimination/Harassment)

The District, as required by Title IX of the Education Amendments Act of 1972 and its corresponding regulations ("Title IX"), does not discriminate on the basis of sex in its education program or activities. Title IX prohibits sex-based harassment, which may include acts of verbal, nonverbal, or physical aggression, intimidation, or hostility based on sex even if those acts do not involve conduct of a sexual nature. The District prohibits discrimination and harassment on the basis of sex in all of its programs and activities by its employees, students or third parties.

Reporting & Investigation

Any student (or parent/guardian of student) who believes they have been the subject of sex-based harassment or discrimination should contact the school's administration immediately. A formal complaint may be filed in accordance with [Administrative Rule JCDAG](#). Even if a formal complaint is not filed related to a Title IX concern, the District must still conduct a thorough review into the concern and implement appropriate supportive measures and disciplinary consequences and provide a written summary to the student/parents related to its efforts and actions.

The District prohibits retaliation or reprisal in any form against a student or employee who has filed a report. The District also prohibits any person from falsely accusing another person.

Additional information pertaining to Title IX, including contact information for the District's Title IX Coordinator, training received by District employees, and the process for appeals can be found under [Title IX](#) on the District's website.

Homework

When homework is given, assignments shall reflect the following guidelines:
Homework shall include one or more of the three generally recognized types of homework:
Practice: reinforces newly acquired skills taught in class
Preparation: helps students prepare for upcoming lessons, activities, or tests
Extension: provides challenging, often long-term opportunities for enrichment that parallel class work

Homework shall be carefully planned and explained to the students. Content and duration of homework shall be personalized to accommodate the age, grade, ability, and readiness of the students. Homework shall be assigned with awareness of the home resources available to the student and the family and alternative options offered, where necessary. Since involvement in extracurricular activities is encouraged and valued, homework assignments that are lengthy shall be scheduled as far in advance as possible.

Because homework at the high school level varies according to a student’s course load and schedule, high school students should spend sufficient time on homework to master the content of the subject matter. Completed homework assignments are to be reviewed by the teacher or designee; appropriate instructional follow-up shall occur.

If homework is graded, the homework shall count no more than 10% of the overall quarterly grade at the middle school and high school levels.

Because they require a greater amount of time and effort than daily assignments, grades for long- range assignments shall not count as part of the homework percentage, but should be considered in the time allocated for homework.

Parents and students shall be informed at the beginning of the school year and at the beginning of second semester, if appropriate, of the district homework policies and classroom homework expectations.

Students are encouraged to spend some time each day reading a variety of materials independently.

Uniform Grading Scale

The Uniform Grading Policy approved by the State Board of Education is effective for all students enrolled in unit-bearing classes, including those offered at the middle school level.

The SC Grading Scale is as follows:

A= 90-100; B= 80-89, C= 70-79, D= 60-69, F= 0-59
WF= 50, FA=50, P= no value, WP= no value, AU= no value, NP=no value

Family Educational Rights and Privacy Act (FERPA)

The Family Educational Rights and Privacy Act (FERPA) is a federal law that affords parents (including legal guardians) and students over 18 years of age (eligible students) certain rights with respect to students' education records. "Student education records" include any records maintained by a school or the district that are directly related to the student. These rights are:

- The right to inspect and review a student's education records within 45 days of the day the school receives a request for access. Parents or eligible students should write a letter to the school principal and identify the record(s) they wish to inspect. The principal will make arrangements for access to those records and will notify the parent or eligible student of the time and place where they may inspect them.
- The right to request an amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading or otherwise in violation of the student's privacy rights under FERPA. Parents or eligible students may ask the school to amend an education record that they believe is inaccurate or misleading by writing the school principal. In that letter, they should not only clearly identify the part of the record they want changed, but also specify why they believe it is inaccurate or misleading. They should also provide any evidence to support their claim. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and advise them of their right to a district-level hearing regarding the request for amendment.

- The school will provide additional information regarding the District's hearing procedures when they notify the parent or eligible student of the decision. After the hearing, if the district still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his/her view about the contested information.
- The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. FERPA allows the district to disclose education records to school officials with a legitimate educational interest in the information contained in the record without consent from the parent or eligible student. A school official is a person employed by the district as an administrator, supervisor, instructor, or support staff member (including health and law enforcement staff); a person serving on the School Board; and a person or company with whom the district has contracted to perform a special task (such as an attorney, auditor or therapist). A school official has a legitimate educational interest if that official needs to review an education record in order to fulfill his or her professional responsibility. Upon request and without consent, the district forwards and discloses education records to officials of another school district in which a student seeks/intends to enroll, specified officials for audit or evaluation purposes, appropriate parties in connection with financial aid, organizations conducting certain studies for the school, accrediting organizations, to comply with a judicial order or lawfully issued subpoena, to appropriate offices in cases of health and safety emergencies, and to state and local authorities within a juvenile system.
- The right to file a complaint with the U.S. Department of Education concerning alleged failures by the district to comply with the requirements of FERPA.

The name and address of the federal agency that administers FERPA is as follows:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-5920

*An eligible student is defined as a student who reaches 18 years of age or attends a post-secondary school.

Directory Information

Information that the District has designated as "directory information" regarding a student may be released to outside organizations without prior written consent from the parent/eligible student. The District defines directory information as a student's name, photograph, grade level, school to which he/she is assigned, years of attendance at that school, awards received, participation in officially recognized activities and sports, student email address, and weight and height of athletic team members. Outside organizations requesting directory information include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, the law requires that local high schools must provide military recruiters, upon request, access to secondary school students' names, addresses, and telephone listings. If you do not wish for the District to disclose directory information from your child's education records without your prior written consent, you must notify the School in writing no later than 30 calendar days after the first day of school.

Student Speakers at School-Sponsored Activities

The School District of Greenville County is committed to maintaining an educational environment in which students of all backgrounds, beliefs and religions are welcome and treated with equal dignity and respect. The District will neither advance nor inhibit religion. In accord with the United States Constitution, the District protects private expression, including religious expression, by individual students as long as that expression does not create a disruption to or interfere with the educational environment.

Student speakers at school-sponsored activities, including graduations, may not be selected on a basis that either favors or disfavors religious speech. Where student speakers are selected on the basis of genuinely neutral, evenhanded criteria and retain primary control over the content of their expression, that expression is not attributable to the school and therefore may not be restricted because of its religious or secular content. In contrast, where school officials determine or substantially control the content of what is expressed, such speech is attributable to the school and may not include prayer or religious content. A school, however, may prevent or remove a speaker if the content of their speech is obscene, contrary to the District's behavior code or substantially disruptive to the school environment.

School Insurance

Student accident insurance is offered as a service to parents. The available insurance coverage includes school-only or 24-hour coverage. Coverage, cost, and enrollment information is provided on the District's website.

Insurance

Voluntary student accident insurance is different from athletic insurance, which is required.

Parent's Right to Know

As the parent or guardian of a student enrolled in Greenville County Schools, you have the right to know the professional qualifications of the classroom teachers and instructional assistants who instruct your child.

Federal law allows you to ask for the following information about your child's classroom teachers and requires the District to give you this information in a timely manner:

- whether a teacher has met state qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;
- whether a teacher is teaching under emergency or other provisional status through which state qualification or licensing criteria have been waived;
- the baccalaureate degree major of a teacher and any other graduate certification or degree held by the teacher, and the field of discipline of the certification or degree;

If you would like to receive this information, please call the Human Resources Department.

Student Use of Technology

Students must use school technology in an appropriate manner and in accordance with [Board Policy EFE](#) and Administrative [Rule EFE](#). This school technology includes District email, network, equipment, and assigned devices to students, and the District in accordance with applicable law may monitor all school technology.

Students will be disciplined in accordance with the District's Behavior Code (JCDA) for any misuse of school technology. While the District implements filters and safeguards for school technology, the District cannot guarantee that these measures will detect or prevent inappropriate use of technology by students. Parents and students should immediately contact the student's school with any concerns pertaining to the use of technology.

Board Policies and Administrative Rules

All current policies of the Greenville County School District Board of Trustees and administrative rules can be found on the District's [website](#).

- Do not drop your students off in the school's parking lot.
- Please pull all the way down in order to maximize the number of cars in the unloading zone at a time.
- All students should exit the car on the right side.
- Have your student prepared to exit the car when you reach the sidewalk area for unloading.
- Do not pull out of line after your student has unloaded – stay in line.

Note: Parents are allowed to walk their student to class on the first day of school only. Beginning on the second day and ongoing, students are expected to walk themselves to class each day.

Tardiness

The school day begins promptly at 7:45am. Students should be in class at this time. Students arriving after 7:45am must be signed in by a parent/guardian in the front office and will be marked tardy. Students must be in attendance for at least three hours of the school day to be counted present.

Early Dismissals

Early dismissals are not permitted after 1:55pm. Please submit early dismissals in writing to the teacher by 8:00am on or before the day of the dismissal. Be sure to bring a valid, government-issued photo ID or the current year's school issued dismissal card for identification. Pictures of car tags will not be accepted. **Only authorized adults listed in Backpack may sign out a child.** Students must be in attendance for at least three hours of the school day to be counted present.

Afternoon Car Dismissal

Afternoon Pick-up Window: 2:15-2:35pm

Your child's safety is our first priority. All Greenville County Schools will utilize the Universal Card Dismissal System. Every family is given 3 student-specific car tags. Additional car tags may be requested in the front office with proper identification.

No child will be called without a current car dismissal tag. This includes picking up children other than your own. If you do not have a tag, or if you have the wrong colored tag, you will need to park in the parking lot and wait until dismissal has concluded before going into the front office. For safety reasons, pictures of a car tag will not be accepted. You must have a valid, government-issued, photo ID to present in order to pick up any children when you do not have a car dismissal tag. Only authorized adults listed in the Backpack account may pick up an identified child.

For the afternoon car line, we use two lanes.

- Parents with students in grades K4-1st will pull into the right lane closest to the school.
- Parents with students in grades 2nd-5th will pull into the left lane closest to the parking lot.
- If you are picking up students in both grades K4-1st and 2nd-5th, pull into the right lane closest to the school.

In an effort to maintain a safe environment for our students, please adhere to the following procedures and practices:

- Display your car tag in your windshield, not on the dashboard.
- All students must enter their vehicles on the passenger side. Parents should remain in their vehicles at all times. A safety patrol and/or a staff member can assist opening a car door if needed.
- Do not move your car until a staff member directs you to do so.
- If your child does not come out with their initial group, the parent will be directed to pull into the parking lot so the line may continue moving. Staff will recall your child's number. An adult will escort your child to your car with the next group.

Change in Transportation

In the event that the daily means of transportation should change, a written note must be sent to the child's teacher. Anyone picking up children from the carline must have that student's dismissal card or they will be required to come into the office to check out the student. Anyone picking up a child must be listed in the Backpack account and present a government-issued ID. Changes to the Backpack account can only be made by the parent.
