5:20 - 5:40	<b>New Business</b>	<p>Your community's assets plus TMS assets produce stronger school and community.</p> <p>Ms. Brewster described asset mapping (relationship building and data collection to describe where community resources are located)and the purpose of SIC (connect students to resources in county). She described our assets (people, organizations, cultural groups, health organizations, etc.) but the key is to find out what motivates people to act. She is collecting data of our assets and wants feedback. She plans to put together a proposal and would like as many people as possible to collect data. We have to define and clarify where the need is</p>	

		and how to draw people in.	
5:40 - 5:55	<b>Open forum (Public Comment)</b> <ul style="list-style-type: none"> <li>Questions/concerns</li> </ul>	What data would you like to see on asset maps? --There is a concern for a lack of activities for kids living in areas with no YMCA/Boys' Club. How can we connect families with a place that they can go for fun activities (structured but unstructured--kids need an outlet and a place to connect)? Need for extra-curricular staff. Mr. Kidd mentioned a church facility with a gym. --We need to organize our resources; clothing closet that is accessible to families
