SCHOOL REPORT CARD PARENT SURVEY

Section 59-18-900 of the Education Accountability Act requires that annual school report cards include "evaluations of the school by parents, teachers, and students." Parent perceptions as collected in the Parent Opinion Survey appear on our school report card and provide school staff with insight to issues within our school. Additionally, results from the Parent Opinion Survey are used by the Education Oversight Committee to meet the requirements of Section 59-28-190 of the Parental Involvement in Their Children's Education Act.

Although the Parent Opinion Survey has been administered for many years, only parents of students in the highest grade in elementary and middle schools and parents of 11th graders in high schools previously were afforded the opportunity to respond to the paper survey. This year the survey has been moved to an online platform and is accessible via computer and mobile device. All parents of students in grades K-12 may now participate.

Please complete the Parent Opinion Survey by Friday, May 21, 2021. To access the Parent Opinion Survey click on this link: <https://ed.sc.gov/surveys/parent-survey/>

Once at the survey, choose either the English or Spanish version of the survey to complete. Families should complete only one survey for each of their children enrolled in public school.

Next, enter the seven-digit ID of our school. The ID for our school is 2301010

Before opening the survey, the name of the school will appear, and you will be asked to confirm that you are completing the survey for the correct school. Each school where your children are enrolled will provide you with their school ID.

You will receive a letter from the State Superintendent of Education with additional information. Please read that letter before completing the survey.

The survey is anonymous, but if you feel uncomfortable in responding to any question you may skip that question. The survey will note that a question has been left unanswered, but you can click continue to proceed without answering the question.

Your time and effort in completing this survey is greatly appreciated.

SCHOOL COUNSELING UPDATES

Senior Parent News:

Seniors will need to complete their Senior Survey before May 19th.

This information has been posted for them in the 12th grade Google Classroom. This is a very important survey as it tells us: 1-where to send their final transcript, 2- their plans after graduation, 3- how much scholarship money they've earned, along with some other important information. **This will be their TICKET OUT THE DOOR for them to officially check-out as a senior prior to turning in their chrome books and receiving their graduation tickets.**

Seniors were sent the following information via the senior Google Classroom. Please encourage your senior to participate!

State-level **Military Honor Cord ceremony** for students joining the military upon graduation.

Click [HERE](#) to read the memo from State superintendent Molly Spearman detailing the event including a link to sign up to participate. Seniors were also asked to complete a Google Form indicating their plans to attend the military upon graduation because they will receive a

military cord to wear at graduation. We need to know the number of cords to order. This was posted in the senior Google Classroom but also linked [HERE](#).

Please make sure your student is checking their Senior Google Classroom regularly for posts. Scholarship information and College and/or Community Program information is posted constantly and is the main way we communicate information to students. Students should also be checking the Scholarship link in their **Schoolinks** account (located in their Student Backpack).

Junior Parent Night:

The recording of the Junior Parent night meeting along with the actual presentation is posted on the [School Counseling webpage](#). Please take the time to review this if you missed it. We would also like for you to complete the brief evaluation so that we can make sure it meets the needs of students and parents.

A **Class of 2022 page** has been created to help answer questions for current Juniors! *Please visit this page* so you can be informed. <http://tiny.cc/Classof22>

STUDENT ATTENDANCE (IN-PERSON STUDENTS)

We have heard from a significant number of parents who do not want to commit their student to the Virtual Program for the remainder of this school year (because they may not have the option to return to in-person class if conditions improve), but they also do not want to send their children in accord with the current attendance plan because of the high COVID spread in our community. To ensure consistency across the district:

- Be reminded that parents have the ability to “excuse” 10 of their children’s absences. As Principal, Dr. Grant has the option of considering hardships or individual circumstances to allow further absences.
- Once parents make the choice between the Virtual and Traditional programs, their children are expected to follow that program’s attendance plan. They are not allowed to choose the traditional (in-person) and simultaneously stay home for full-time eLearning.
- At the high school level, students who are “excused” by a parent note can participate in eLearning during those 10 days since classes are being livestreamed and eLearning is still occurring for the 25% of in-person students who are home each day on the 75% plan.
- When students are not physically present in the building **on a scheduled attendance day**, students will be marked absent, whether they are elementary, middle, or high school students.
