## Woodland Elementary Extended Day Program

Hi Palmetto's Finest Parents! Now is the time to begin registration for Woodland Elementary School Extended Day Program (EDP). The purpose of our extended day program is to provide quality, convenient and affordable care for our elementary-age students after school. The Extended Day Program operates in the school facilities. Each afternoon, the students enjoy a snack, do homework and participate in planned and organized activities.

EDP follows GCS schedule for holidays, teacher workdays, and inclement weather. EDP hours are from 2:45 – 6:00 pm on school days. Hours may be adjusted based on the 2021 - 2022 GCS student schedule. All students must be picked up by 6:00 pm to avoid a late-pickup charge.

As we plan for the 2021- 2022 school year, we need your input concerning your intentions in enrolling your child with Woodland's Extended Day Program. Registration occurs yearly. We need all current EDP families and families interested in registering for EDP to complete the **EDP Registration Form** that can be found by clicking this [link](#). Please complete by **July 16, 2021**. The annual non-refundable registration fee of \$40.00 per family will be required before enrollment is complete.

If you have additional questions concerning the Woodland Extended Day program, please feel free to contact the school at 864-355-0400.

**EDP Registration Form** can also be found using this link: <https://forms.gle/SqRdVdeL2z2QXn1J7>
